

Chapter 1 BANFF TOWNSITE

Main Wall - Left

Main Wall Left is the section of cliff left of *The Grey Streak* and below the curving access ramp that marks the west end of the **Main Wall**. Only one route has been completed here and there is a longstanding project up an obvious corner line.

Closed Project [A]

Unknown, 2026

Open Project [B]

Unknown, 2026

This obvious line was bolted (9 bolts), or partially bolted, about ten years ago but has not been completed. Extra cleaning and additional bolts appear to be required.

Closed Project 28m (11 bolts) [C]

Jeff Moore, 2026

Death of a Salesman 30m, 5.11c (10 bolts) [D]

Jeff Moore, 2020

The crux is a tricky move right at about two thirds height.

The Sales Ditch 30m, 5.12a (10 bolts) [E]

Jeff Moore, 2023

This is a more difficult variation that moves out left near the top of *Death of a Salesman* and uses the same anchor.
